

ON-SITE TWO-WAY BUSINESS RADIOS AND ACCESSORIES

RDX SERIES RUGGED, DURABLE, POWER

The RDX Series delivers just what you need to drive success – whether it's enhancing overall efficiency or reducing operational expenses. Our business-essential radios provide the perfect partnership of exceptional audio quality and durability. You can expect unstoppable performance and unbeatable dependability anywhere employees communicate – whether working outdoors at the yard or indoors on the shop floor.

CONNECT CLEARLY

We have redesigned the RDX series to meet 70 dB Receiver performance at 12.5 KHz. This provides an 80% improvement on interference mitigation while still providing excellent radio reception and enhanced audio clarity. Designed for noisy areas, the 2000 mW speaker delivers exceptionally loud audio, even in high noise environments.

POWER AND COVERAGE

Communicate across an extended range of 350,000 sq ft and up to 30 floors*. With the 4W / 5W RDX models, your staff can get coverage throughout the facility without interruption, improving efficiency and operational performance.

COMMUNICATE ANYWHERE

When it comes to durability, you can depend on our radios to stand up to harsh job-site conditions, and enable communication anywhere. With a heavy-duty, metal diecast chassis, the RDX Series meets Military 810 C, D, E, F standards and IP54/55 specifications for shock, rain, humidity, vibration, sand/dust, temperature shock, plus high and low temperature.

IMPROVE JOB PERFORMANCE

Whether you need to keep middle school teachers connected or call maintenance to make repairs, the RDX Series gives you a valuable competitive edge. Affordable and easy to use, these high-powered portable performers help your employees work more productively and your enterprise run more profitably.

*Coverage will vary based on terrain, conditions and the radio model used.
