

New IP500APP Phone Application Now Available

Icom America is excited to introduce the IP500APP phone application available to all CONNECT subscribers. The IP500APP was designed to enhance your communication experience with our mainline IP501H, IP501M, and IP730D series products. For interoperability, connect to our VE-PG4, which will open up many possibilities for voice connections within the office or around the world.

Powerful Functionality:

The IP500APP is fully featured and allows you to engage in individual, group, and multigroup calls, just like our hardware devices. Other features include:

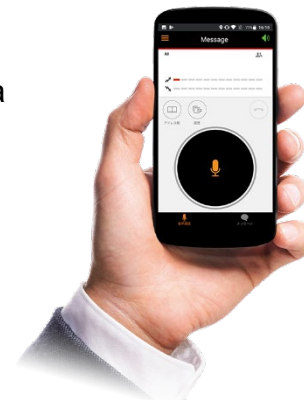

- Full-duplex communication
- Short Text Messaging
- Voice Recording/ Playback Function
- Address Book Integration
- TX/ RX History Tracking

Getting Started:

- **Easy Access:** available for download on either the Apple App Store or Google Play Store
- **Simple Setup:** sign a [User Agreement](#) and fill out a [Programming Worksheet](#)*
- **Credentials:** send both to connect@icomamerica.com, and we will send out credentials to use the app

Pricing:

- Dealers: \$6/month
- Retail: \$8/month

If you have any questions or do not have access to the B2B to obtain the forms, please contact InsideSales@icomamerica.com.

Thank you for supporting Icom network products.
